### Workshop details

This workshop is an introduction to the construction of static splints using low temperature thermoplastics.

The workshop will provide:

- A review of the properties of thermoplastics
- Splinting demonstrations
- Supervised small group practice sessions
- Discussion of the clinical applications of the splints made
- Opportunity to construct a minimum of five commonly used splints

Time will also be provided to allow for the demonstration of requested splint constructions.

### About the Presenter

#### Presenter details

Megan Gandfors is an occupational therapist & hand therapist with over 25 years experience of training therapists in the practical construction and clinical application of thermoplastic splints both in Australia and internationally. She is currently the principal therapist at "HandsOn" Hand Therapy Service where she continues to clinically manage a broad range of acute and chronic hand and upper limb conditions.

OT AUSTRALIA Qld is proud to have Megan conduct these workshops and to offer the course to occupational therapists in north Queensland.

By attending this Continuing Professional Development event you may be able to claim points towards the Accredited Occupational Therapist Program CPD points. Please check the CPD section in your AccOT manual.
